ADHESIVES & SEALANTS

Bonding and Sealing for outside applications

Körpop 950 Marine

1-part elastic moisture curing hybrid adhesive and sealant, multi purpose, good resistance against UV radiation, humidity and weathering, solvent free, 5 days overpaintable

Körpop 954 Marine

1-part elastic moisture curing hybrid adhesive and sealant, good resistance against UV radiation, humidity and weathering, solvent free, good sagging properties, high strength

Deck caulking

Köreflex VP 990 Colour black/ white/grey

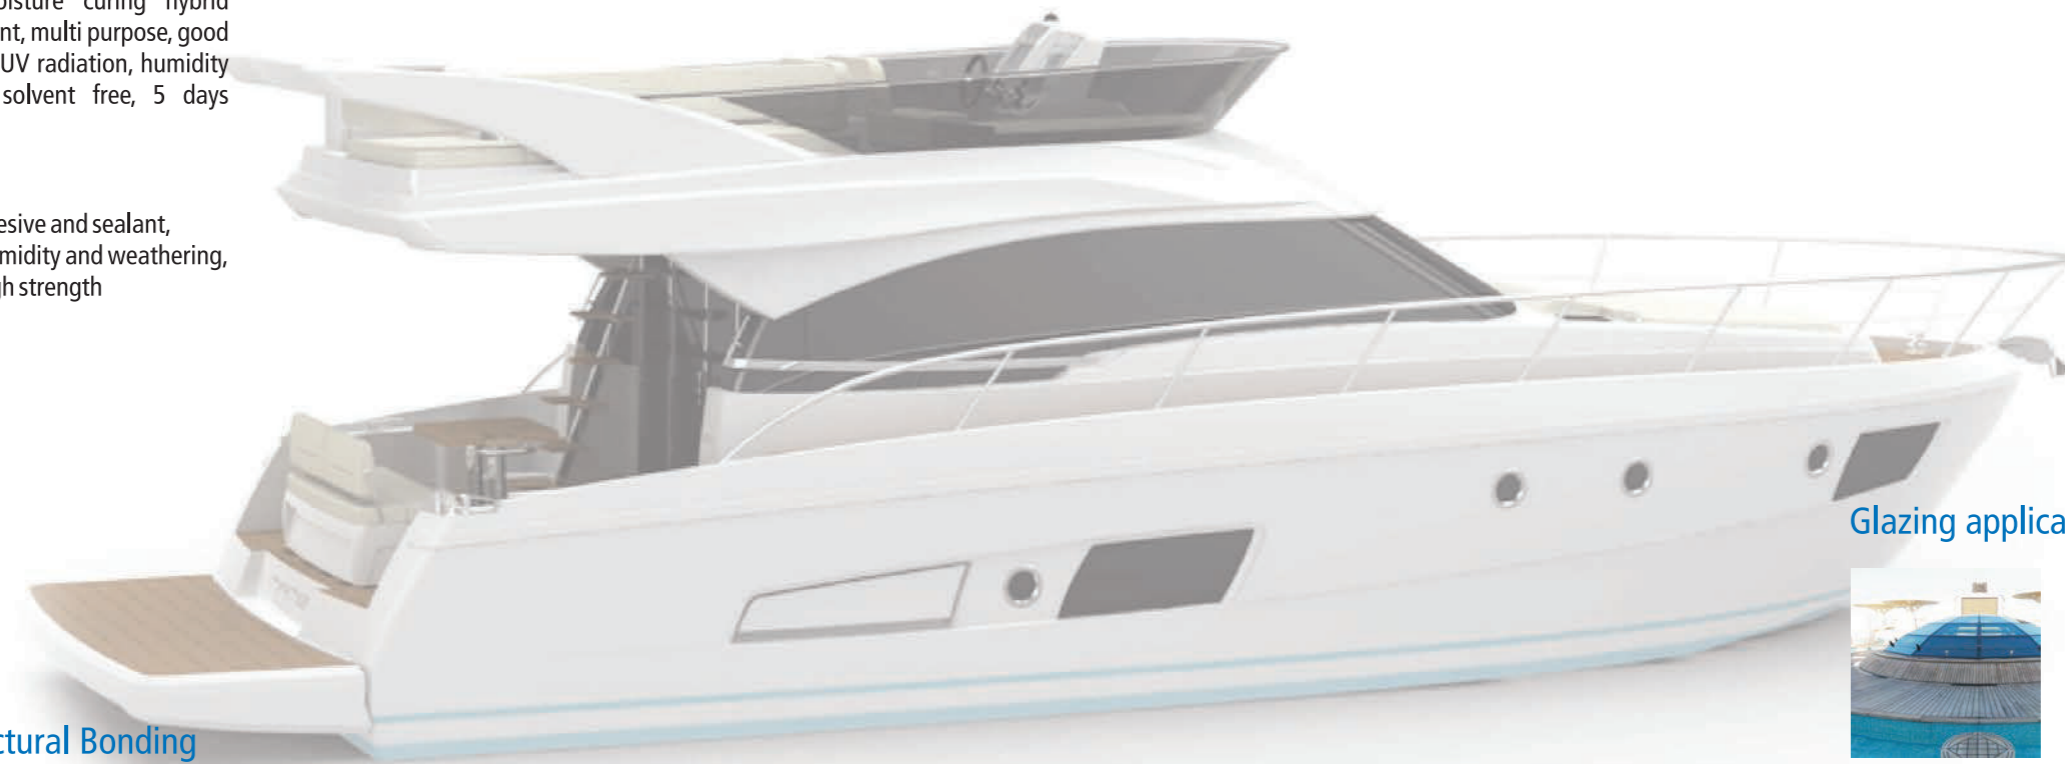

With the new Koeraflex VP 990, Koemmerling combined all advantages of MS-polymers with the advantages of silicones. It contains no isocyanates, no silicone oils, no plasticizers and it is solvent free.

Bedding of deck floorings

Körapur 928 Marine

1-part elastic moisture curing PUR adhesive and sealant, good resistance to humidity and weathering, overpaintable after curing, long open time, high strength, easy to spread

Structural Bonding

Körapur 940 Marine

1-part and 2-part elastic moisture curing PUR adhesive and sealant, good resistance to humidity and weathering, overpaintable after curing, long open time, high strength

Körpop 954 Marine

1-part and 2-part elastic moisture curing hybrid adhesive and sealant, good resistance to humidity and weathering, solvent-free, good sagging properties, high strength

Bonding and Sealing below the waterline

Körapur 925 Marine

1-part elastic moisture curing, multi purpose PUR adhesive and sealant, good resistance to humidity and weathering, overpaintable after curing

Körpop 940 Marine

1-part elastic moisture curing PUR adhesive, good resistance to humidity and weathering, overpaintable after curing, long open time, high strength

Glazing applications

Körpop 954 Marine

1-part elastic moisture curing hybrid adhesive and sealant, good resistance to humidity and weathering, good sagging properties, high strength, solvent free
